**Designing Artificial Intelligence (AI) Voice Chatbots for Social Justice
Addressing Anti-Black Police Violence and Brutality**

**How about learning to create
AI voice chatbot projects that
address a social justice
problem: Anti-Black Police
Violence! Prepare for AI
careers! Earn a digital badge
from IBM! **And earn a \$500
stipend, tech prizes, SWAG.****

During Sept – Dec 2024, the Changing Expectations AI Coding Makerspace teams will complete the IBM SkillsBuild Course on "Build Your Own Chatbot" to earn a digital badge that demonstrates an understanding of the creation of chatbots and design AI voice chatbot projects to address the social justice problem of Anti-Black Police Violence and Brutality (\$200 stipend). In Spring 2025, student teams will plan & present (\$300).

This is a paid stipend opportunity for Black female and male youth grades 9th—12th who attend Black Churches in the Austin area and HT Students. At the in-person meetings, there will be FREE lunch and tech prizes. Please share this flyer with Black female and male youth from Black Churches in Central Texas.
